ROOF UPDATE – With the recent rain and all the leaks in the building it is time for a roof update. For those who are unaware, the club needs a new roof. Every time it rains, we have to put out buckets to catch the drips. This has been happening for a long time and despite multiple attempts to make repairs, the club committee came to the conclusion that the best solution would be to completely replace the current roof. This is an expensive job. The latest quote was for \$250,000. The longer it takes us to get this money the more this amount grows. As a club we have managed to minimise unnecessary costs and put aside a significant amount towards the cost over the past 3-4 years, however, we still need at least another \$100,000. On top of that we have other important looming expenses as the building gets older and starts to show more wear and tear.

So, in a final push to get the roof goal achieved we are asking for any support you can give to help us achieve our goals. Whether it be in supporting current fundraising activities for specified goals, donating items, volunteering your time and skills with activities, suggesting ways to raise extra moneys or organising a fundraising activity to help us obtain the remaining moneys, any help is greatly appreciated. Please email the club on info@sbagc.com.au with ideas or offers of assistance. Thanks everyone.
